

mosquito[®] Xtal3

protein crystallization without compromise

An evolution of the renowned mosquito crystal - combining the same speed, accuracy and performance in crystallization drop set up at an attractive price point...

- **new 3 position deck for experimental flexibility:** rapid automated plate set up for all standard crystallization techniques
- **new 'touch friendly' application driven software:** quick and easy experimental guides for rapid set up and easy switching between crystallization methods
- **precise and reproducible:** perfectly positioned drops for downstream imaging by placing protein and screen drops with the same head
- **robust and simple set up:** minimal configuration changes and proven reliability with no blocking or clogging, rapid recovery
- **well supported:** all backed up by an experienced network of support and applications specialists ready to help
